SMS HOLIDAY PIE SALE

Dear Parents:

We are having a Holiday Pie Sale from October 3rd to October 12th with delivery of the pies on November 12th – just in time for Thanksgiving. All proceeds from the Pie Sale will benefit the general fundraising efforts of St. Margaret of Scotland School.

We have teamed up with two of our community neighbors: Marian Manor and Pilgrimage Hospice to donate pies for the holidays. With your help we can bring some holiday joy to their patients.

We're hoping each family can sell/buy/donate at least 5 pies. Whatever you are able to do will be a tremendous help.

Please send all orders & payment to school by Friday, October 12th c/o Miss Gerrity. Order forms are attached.

Thank you,
The Pie Team –
Mrs. Woodall

FAQs - Customers

Frequently Asked Questions Your Customers May Have About Our Products

Q: I just received products from The Pie Shoppe. Do I need to bake them?

A: *All of our products arrive freshly baked. All you need to do is serve them and enjoy.*

Q: Can the pies be reheated?

A: *Do not reheat our cream pies. The fruit pies can be reheated. We recommend warming the pie in a conventional oven at 200°F for approximately 10 minutes. Microwaving by the slice is possible. Heat to your desired temperature. Do not put the metal pie pan in the microwave.*

Q: Why are the pies delivered without pressure-wrapped cellophane?

A: *Because our pies are freshly baked, sealing the pie would damage it and make it sweat. We want them delivered in the most delicious way.*

Q: How long do the pies last?

A: *The life of the pie depends on the type of pie and the means of storage. All of our fruit pies have a shelf life without refrigerating or freezing except pumpkin pie which must be refrigerated. We strongly recommend refrigerating all of our fruit pies and cream pies to extend their life to 5 days.*

Q: Can the pies be frozen and for how long?

A: *Yes, our fruit pies can be frozen 1-2 months. Place the pie in a freezer bag and then back in **The Pie Shoppe** box that it came in the same day it is delivered to your organization, so that full shelf life will be retained once you thaw the pie. We do not recommend freezing our cream pies and pumpkin pies as it can affect their appearance and make their crusts soft.*

Q: I'm taking my fruit pie out of the freezer for dinner tonight. What should I do?

A: *Take the pie out of the freezer and immediately place it in a 350°F oven for 25-30 minutes. Then serve.*

Q: Do you use fresh fruit in your fruit pies?

A: ***The Pie Shoppe** does not use canned fruits. Our fruits are flash frozen, and once thawed are as fresh as the day they were picked.*

Q: What are your most popular pies?

A: *Dutch Apple Pie is our #1 selling pie. Razzleberry Pie and Coconut Cream Pie are tied for 2nd place. In the fall months, Pumpkin Pie increases in popularity, joining Razzleberry and Coconut Cream in a 3-way tie for 2nd place. In the summer time, the demand for all of our berry pies increases significantly.*

NOVEMBER 2018 PRODUCT INFORMATION

FOR NUTRITIONAL INFORMATION OR COLOR PHOTOS OF OUR PRODUCTS GO TO OUR WEBSITE @
www.pieshoppe.com. IF YOU STILL HAVE QUESTIONS, PLEASE GIVE US A CALL.

ABOUT OUR PIES ...

- ❖ Our pies are 9 inches in diameter and come individually packaged in their own corrugated box. They can be divided into 6 – 8 slices!
- ❖ Our pies are made with the finest ingredients and baked right before they are delivered to you. Our pies **DO NOT** arrive unbaked or frozen. *It is important that your organization deliver the products the same day they arrive from us.*
- ❖ Pumpkin pies must be refrigerated. Cream pies should be refrigerated. Freezing these pies can affect their appearance and make their crusts soft. Pumpkin pies and cream pies should last 4-5 days if refrigerated.
- ❖ Our fruit pies have a shelf life without refrigeration. Refrigerating our fruit pies will make them last about 5 days. Fruit pies can be frozen. We recommend placing the pie in a freezer bag and placing it back in its original box for best freezing results. Fruit pies may be frozen approximately 1 to 2 months. Pies frozen longer than 2 months aren't harmful – they just aren't at their peak flavor and texture.
- ❖ To thaw a fruit pie, immediately place it in a 350°F oven for 25-30 minutes and then serve.

ABOUT OUR PUMPKIN ROLLS ...

- ❖ Each pumpkin roll is about 6 ½ inches long, providing about 8 to 10 servings and comes individually packaged in its own corrugated box.
- ❖ Our pumpkin rolls have a cream cheese filling and must be refrigerated. They should last 4-5 days.
- ❖ Our pumpkin rolls can be frozen. For best results, keep them in saran and place them back in their original box. They may be frozen for approximately 1 to 2 months. Pumpkin rolls frozen longer than 2 months aren't harmful – they just aren't at their peak flavor and texture.
